**BuildBlock® Adds California Manufacturing Facility, Relocates in Florida**

(Oklahoma City, OK, March 20, 2008) – BuildBlock® Building Systems LLC is partnering with APTCO, LLC, to begin manufacturing their BuildBlock® Insulating Concrete Forms (ICFs) in McFarland, California, beginning in second quarter. “We’re excited to bring our eleventh manufacturing facility online,” said BuildBlock CEO Mike Garrett. “This new location will make our product more cost-effective and convenient for the California market.” APTCO is centrally located in California 20 miles north of Bakersfield and three to four hours from Los Angeles, San Francisco, and Sacramento.

In April, BuildBlock will relocate its manufacturing from Sun City, Florida, to Orlando, partnering with Cellofoam, Inc. BuildBlock’s other manufacturing facilities are located in the states of in Alabama, Colorado, Florida, Idaho, Indiana, Massachusetts, Missouri, Utah, and Wisconsin.

*Headquartered in Oklahoma City, BuildBlock Building Systems LLC is the manufacturer of BuildBlock® Insulating Concrete Forms. They have distributors and dealers throughout the U.S. and Canada, and foreign licensees in Europe and the Middle East.*
